NOTES FOR CONTRIBUTORS

Unpublished papers may be submitted for possible publication. Responsibility for the contents of a paper rests upon the authors and not upon the editors or the publisher. Authors of submitted papers automatically accept a copyright transfer to DAAAM Int. Vienna.

Submission

All papers for consideration by International Journal of Simulation Modelling (IJSIMM) should be submitted electronically to the Editor-in-Chief (Chinese authors should send their papers to the Representative Office). Please send the MS Word paper file (.docx or .doc) and the PDF version (check the content equivalence). A letter must accompany all submissions, clearly indicating the following: the corresponding author's complete name, affiliation, address, phone and e-mail address. Short biographies (70-120 words) should be provided that detail the authors’ education and work histories as well as their research interests. Small, digitized images of the authors can be included. Submission of papers to the IJSIMM is free of charge.

The authors have to suggest at least two independent, qualified and responsible referees (without possible conflicts of interest), although these recommendations may not be used. Submissions should be sent to:

University of Maribor, Faculty of Mechanical Engineering

E-Mail: borut.buchmeister@um.si

The review process

Every manuscript that arrives at the editorial office is first reviewed briefly by the editor for general suitability for the journal. Notification of successful submission is sent. After initial screening the manuscript is passed on to at least two referees. A double-blind review process ensures the content’s validity and relevance. Referees receive electronic versions of manuscript for review (authors’ names, addresses and acknowledgement are removed to preserve anonymity). We ask our referees to finish the review within eight weeks. Based on the comments of the referees, the editor will take a decision about the paper. The following decisions can be made: accepting the paper, reconsidering the paper after changes, and rejecting the paper. Accepted papers may not be offered elsewhere for publication. The editor may, in some circumstances, vary this process at his discretion.

Publishing fee

For accepted regular papers (up to 12 pages length) we require the payment of a publishing fee of 690 EUR, which covers: complete editorial workflow – paper processing and necessary correspondence beginning with the paper submission, followed by (multi-step) review process, final checking, corrections and paper acceptance, proof reading, final formatting, printing, delivering of one journal copy to the corresponding author, sending files and copies to bibliographic services for indexing/abstracting, dissemination of published papers, web page updating, cross-reference linking etc. For extra pages (over 12) an amount of 50 EUR per page must be paid. The corresponding author will be requested for some additional data regarding the invoice content. Invoices are sent by e-mail (PDF files). Payment must be done before the paper is published.

Length

Papers should be between 3500 and 5000 words long (12 pages or less) including all illustrations and appendices.

Format

Please read the following format instructions carefully. Formatting your paper correctly saves a great deal of editing time. Papers not formatted correctly will be returned. Please use the IJSIMM paper template. The authors must ensure that the paper is complete, grammatically correct and without spelling or typographical errors. Please note that English (U.K.) spelling is adopted. Acronyms are spelled out at first mention but not thereafter unless there is good reason to do so. It is required to use MS Word text processor, Times New Roman font. Paper size: standard A4, headers and footers: 1,25 cm from edge, margins: 2,5 cm all around (all pages).

The structure of the paper should be as follows: title of the paper, authors' names, affiliation, e-mail addresses, abstract, key words, introduction, body of the paper, conclusion, (acknowledgements), references. The title is centred on the page and is capitalized and set in boldface (font size 16 pt). Please limit the title to a maximum length of 10 words or 2 lines. It should adequately describe the content of the paper. The author's name(s) follows and is also centred on the page (font size 12 pt). A blank line is required between the title and the author's name(s). Last names should be spelled out in full and succeeded by author's initials. The author's affiliation, complete mailing address, and e-mail address (all in font size 11 pt) are provided below. Phone and fax numbers do not appear.
